## THE BLUE RIBBON LIST

OF THE Department of Agriculture

World's Finest Daffodils  
1949

Listed herein we offer the **FINEST** in Daffodils, 974 varieties including 187 outstanding new varieties brought in from abroad last year. All varieties on this list may be seen growing at our Nurseries in Gloucester and Mathews Counties, Virginia. **PRICES**, especially on most novelty types have been considerably reduced, and are for **TOP** size double nosed bulbs. (do not be led astray by cheap offers which are usually for small inferior bulbs). All are guaranteed true to name and are Certified by the State Entomologist and his Inspectors as free from disease. The grower of these outstanding varieties has had many years experience with Daffodils, which include 20 years as farm manager for one of the Largest Dutch growers of fine daffodils.

Virginia grown Daffodils, planted in the North bloom two to three weeks earlier than those grown in the cooler Northern climate. Flowering this much earlier they have a chance to develop slowly and fully while the weather is still cool. This is important with the highly colored reds, oranges and especially so with the pinks and many delicate shadings that are seldom seen when flowers open late in the season during warm bright weather.

Digging of bulbs must be completed in July, and some varieties on this list will not be dug unless ordered. It is therefore Important that orders be sent in **EARLY**. A 5% discount in bulbs (my selection) will be given on all orders received before 31 July. Shipment of bulbs will be made early in September. Check with order please, or if desired they will be sent C. O. D.

Reference: Bank of Gloucester, Gloucester, Va.

**R. H. S. CLASSIFICATION OF DAFFODILS**

1a—Yellow trumpets. 1b—White trumpets. 1c—Bi-color trumpets. 2a—Yellow incomp. 2b—White incomp. 3a—Yellow barri. 3b—White barri. 4a—Giant leedsii. 4b—Medium leedsii. 5—Triandrus. 6—Cylamineous. 7—Campernels and Jonquils. 8—Poetaz. 9—Poeticus. 10—Doubles. 11—Various.

Customers of The Daffodil Mart, with our Virginia grown bulbs won the "Sweepstakes Awards" at the Federated Garden Club Daffodil Shows in the states of Maryland, North Carolina and Virginia in 1948.

\* following a variety indicates it has won a coveted award at the famous English or Dutch daffodil shows.

## MIXTURES

**SPECIAL NOVELTY** — An unexcelled mixture containing over 500 of the truly distinctive varieties listed in this folder. By the law of averages you should get 40 to 50 and can get up to 100 varieties in 100 bulbs. Planted in a cutting bed they will give ample and diversified blooms for the home over a long period each spring. **ACTUALLY WORTH DOUBLE THE PRICE** ----- each .09

**Regular** — Commercial varieties, mainly those listed by seed stores, also those used by greenhouses for forcing. ----- each .08

**Naturalizing** — Only varieties which are adaptable to compete with nature in the wild state. Mixed - White - or Yellow ----- each .07

**Rockery** — Small or miniature varieties suitable for Rock Gardens ----- each .10

## FALL BLOOMING CROCUS

**Sternbergia Lutea** — Bright yellow flowers on 6 to 8 inch stems blooming in mid-September. Large plantings are to be seen in Colonial Williamsburg. Ready for shipment June 1 and should be planted in your garden by July 1. ----- each .20

## PRICES IN QUANTITY

On all varieties figure 12 bulbs at the price of 10 bulbs.

On all varieties figure 50 bulbs at the price of 40 bulbs.

On all varieties figure 100 bulbs at the price of 70 bulbs.

| Example               | 1 bulb | 12 bulbs | 50 bulbs | 100 bulbs |
|-----------------------|--------|----------|----------|-----------|
| Lord Wellington ----- | \$ .25 | \$2.50   | \$10.00  | \$17.50   |
| Carlton -----         | .20    | 2.00     | 8.00     | 14.00     |
| Hades -----           | .30    | 3.00     | 12.00    | 21.00     |
| Novelty Mixed -----   | .09    | .90      | 3.60     | 6.30      |

## PLANTING INSTRUCTIONS FOR DAFFODILS

The main requirement for success is a well drained soil. They are not happy in a wet spot where water will stand. Any good garden soil is ideal. Cow manure mixed in the soil at, or preferably before planting time, is ideal and will produce blooms and bulbs of unbelievable size. Bone meal is the only safe substitute to use at planting time. A top dressing of stable manure is always helpful during the winter months, serving also as a mulch. In the Middle Atlantic states plant bulbs deep enough so the neck of the bulb is covered with 3 or 4 inches of earth after the ground has settled. In the more Northern states 4 or 5 inches is desirable, while in the Southern states 2 or 3 inches is sufficient. Early planting is advisable so that the root system can develop before cold weather sets in. All questions pertaining to daffodils cheerfully answered.

## ITEMS OF INTEREST

For the edification of Daffodil enthusiasts we give below the principal changes under the new revised system for the classification of Daffodils, effective January 1, 1950.

**DIVISION I.** Bicolor Trumpets are moved up to Sub Division "b", white trumpets move down to Sub Division "c", and a new Sub Division "d" is added.

**DIVISION II.** Two new Sub Divisions "c" and "d" are added.

**DIVISION III.** Two new sub divisions "c" and "d" are added.

**DIVISION IV.** The double varieties replace the LEEDSII types which formerly occupied this Division. The Leedsii are transferred to Divisions 2 and 3.

**DIVISIONS V through IX** remain virtually unchanged, only a few Sub Divisions are added.

**DIVISION X.** All wild forms hitherto included in various other Divisions are transferred to this "Species Division."

**DIVISION XI** is to take care of any varieties not covered in the preceding Divisions.

As a reference and convenience to the many people who loved the LEEDSII as a class, we are listing below those that we grow. The only ones that will retain their identity are those with white cups; they go into the newly created Sub Divisions "c" in Divisions 2 and 3. While those with yellow cups are put in with all the other 2 or 3 "b"s. Also as a convenience we list our PINKS and "so called" pinks.

### 4a — LARGE CUPPED LEEDSII

Angel Wings, Artic Moon, Betsy Penn, Brunswick, Caragh, Chiltern, Cicely, Clairette, Crystal Queen, Daisy Schaffer, David West, Delaware, Doris, E. H. Wilson, Ettrick, Felspar, Gertie Millar, Gratia, Grayling, Green Island, Her Grace, Hymettus, Justice, Laughing Water, Libelle, Ludlow, Marmora, Mary Pratt, May Molony, Maya, Mrs. Percy Neale, Milylene, Mount Tacoma, Nakota, Niphetos, Poldhu, Radio, St. Erme, Scarva, Sea Shell, Sea Urchin, Shannon, Silver Bugle, Silver Star, Slemish, Stardust, Stateliness, Templemore, Toronto, Truth, Tunis, Viotta, Wachusett, Wedding March, White Butterfly, White Duchess, and White Nile.
